Extras I have worked with ADEM for over 20 years. I have been employed by three different Divisions. My work throughout the years allowed me to work with all of the Divisions. The programs that I have worked with provided me with a great deal of knowledge and experience. One of the most important aspects of my job is communication. I work with numerous groups, agencies, and government entities in carrying out my daily responsibilities. I believe that I am uniquely suited to be the Director of the Alabama Department of Environmental Management.
